## NAVIGATION, PORTS AND CUSTOMS

---

With extensive experience in the segment, LP Law is ready to advise national and foreign companies in the preparation and analysis of charter contracts, regularizing and obtaining authorization for the charter of foreign vessels (CAA, REB), obtaining a grant to operate as a Brazilian Company of Navigation (EBN), grants to use Port Terminals for Private Use (TUP), temporary inlet and special customs regimes.

Care of inquiries and lawsuits related to navigation accidents before the Port Authority and the Maritime Court, representation before the Brazilian Maritime Authority, Department of Ports and Coasts and ANTAQ, as well as matters of registration nature with the Notary and the Maritime Court (purchase and sale of vessels, mortgages and encumbrances, shipowner registration, charter registration, etc.) are some of the services provided by LP Law's Maritime Law Department, which has been providing excellent services to Brazilian and foreign shipowners for more than 20 years.
